Object : recommendation letter

Dear sir, madam,

It is my pleasure today to recommend the work of Ștefan Alexandru Zamfir as a benevolent staff member for our company Atelier 801.

Since 2012, Ștefan has been a great part of our online video game Transformice, and programmed several mini games that are playable from inside the game within the last year, including one that hosted over 120 concurrent users.

Additionally, he has been searching and reporting bugs and critical breaches in the game so that we could patch them before ill intentioned users profited of it, and we are very grateful for his help.

I have no doubt that his resilience, his adaptability and his English proficiency will be a great addition to any professional team, therefore I wholeheartedly recommend his work today.

Sincerely,

Mélanie CHRISTIN
